Programming Languages

HTML5	CSS3
JavaScript	C#
SQL (Structured Query Language)	

Frameworks and Tools

React	Node.js
Express.js	ASP.NET Core
Entity Framework Core	
Vite	jQuery
Bootstrap	EmailJS
Git/GitHub	BCrypt
JSON Web Tokens (JWT)	

Databases

MySQL	MongoDB
GraphQL	

Core Technical Concepts

Object-Oriented Programming (OOP)

Functional Programming

RESTful APIs

MVC (Model-View-Controller)

Education

ASU Coding Bootcamp
Arizona State University
Feb 2023-Aug 2023

Bachelor of Science
Biochemistry
Arizona State University
2016-2018, 2020-2022
GPA: 4.00

Experience

Full-Stack Web Developer
Solid Ground AZ (February 2024 - Present)
- Developed a scheduling system using ASP.NET Core, Razor Pages, and MySQL for yoga instructors and clients
- Implemented JWT-based authentication and BCrypt password hashing
- Designed a responsive admin dashboard with jQuery for real-time schedule management and booking

Full-Stack Web Developer
Plate Planner (October 2023 - Present)
- Built a meal planning and grocery app with the MERN stack and GraphQL for flexible querying
- Integrated JWT for secure authentication and developed recipe management with dynamic shopping lists
- Utilized Vite + React for efficient development and designed a responsive interface

Front-End Web Developer
Ashley Bohn Photography (October 2023 - Present)
- Created a photography portfolio site using React and Bootstrap, featuring responsive layouts and an optimized image gallery
- Implemented contact form submissions via EmailJS to send messages directly to the photographer

Other Experience

Dental Assistant
My Dental Dentistry & Implants (April 2021 - April 2024)
- **Effective Communication:** Coordinated communication between doctors and patients, ensuring clarity in technical details
- **Team Collaboration:** Worked with a team to meet tight deadlines
- **Case Tracking & Coordination:** Managed and tracked cases, maintaining correspondence with labs for timely deliveries

Sign Installation
SpellItOut Company (May 2020 - April 2021)
- **Client-Centered Design:** Designed sign layouts based on client requests
- **Attention to Detail:** Ensured meticulous installation of signs
