CI/CD (Vercel / Render / AWS)
Payment Integration (Stripe)
Agile Development

## Education

### ASU Coding Bootcamp
Arizona State University
*Feb 2023 – Aug 2023*

### Bachelor of Science, Biochemistry
Arizona State University
*2016–2018, 2020–2022*
*GPA: 4.00*

# Professional Experience

### Software Engineer Intern | TruNeighbor

May 2025 – Aug 2025

- Engineered 10+ **REST API endpoints** and backend modules (**Node.js**) within a 7-person **Agile** team, powering core platform functionality
- Implemented a **CI/CD pipeline** to run a **Python** data ingestion script, streamlining updates to **AWS EC2** servers
- Optimized data workflows through automation, increasing update frequency to bi-daily and reducing redundancy by 25%

# Freelance Experience

### Software Engineer | Hentges Dental

Aug 2025 – Present | *hentgesdental.com*

- Developed clinic website (**Next.js**, **Tailwind CSS**) with SEO optimization and validated appointment forms
- Built secure authentication and admin dashboard for appointment management

### Full-Stack Developer | Bohn Voyage

Aug 2025 – Present | *bohn-voyage.vercel.app* (WIP)

- Architected booking platform (**Next.js**, **Django REST API**, **PostgreSQL**, **Tailwind**)
- Implemented multi-step booking, magic link authentication, **Stripe** payments, and **OpenAI** integration
- Deployed to **Vercel** and **Render** with secure account management

### Full-Stack Developer | Solid Ground AZ

Feb 2024 – Jun 2025 | *solidgroundaz.site*

- Built scheduling system (**C#**, **ASP.NET Core**, **Razor Pages**, **MySQL**) with normalized schemas and **LINQ** queries
- Implemented authentication (**BCrypt**) and responsive admin dashboard (**jQuery**, **SMTP**)

# Personal Projects

### Full-Stack Developer | Plate Planner

Oct 2023 – Mar 2024 | *plateplanner.site*

- Built meal-planning app (**MERN**, **GraphQL**) with **MongoDB** schemas for recipes and shopping lists
- Developed responsive frontend (**Vite**, **React**) with dynamic recipe and list management

### Front-End Developer | Ashley Bohn Photography

Oct 2023 – Oct 2024 | *ashleybohnphoto.site*

- Developed responsive photography portfolio (**React**, **Bootstrap**) with optimized image gallery and **EmailJS** contact form
